Yes I am sure. I just figured it out after a whole lot of digging online. It is a Hydra-mac. The model seems to be a 6C. Which was discontinued in 1984 and started in 1978. So it's pretty old but it only has 1450 hrs and the original onan engine was replaced recently with a kohler. I found a few for

Parts for Hydra Mac skid steer loaders | All States Ag Parts

Picked up this skid loader last night with a 3 cylinder John Deere diesel repower. Looks to be a clean well taken care of machine. Was wondering what type of hydraulic fluid it takes, as it's got it's normal skid loader drips. Also is there anything about these that i should be looking at for preventative maintenance. Thanks in advance.

Hello there just picked up a hydra mac skid steer, is anyone an expert on these old skid steers? im having an issue it seems to be pulling to the right when starting her up, occasionally I can find neutral on the t bar but it will randomly sound like grinding gears and want to go its own way and jump back and forth. The problem seems to mostly go away when its running so it doesn't seem that ...
