The Cambridge Companion To Science

The Cambridge Guide to Science Fiction is a laudable and largely successful attempt to give an overview of the genre which is both academically rigorous but also accessible to non-academic readers. I say "largely" successful because it's divided into three sections.

Amazon.com: The Cambridge Companion to Science Fiction ...

The blurb that Cambridge UP have provided suggest that this is a comprehensive introduction to the issues relating to religion and science. Of course, the vast majority of scientists would probably argue that religion has nothing to do with science - at least until a religious group challenges a research programme of theirs!
