ago, Sara Wheeler traveled to Antarctica to understand a continent nearly lost to myth and lore.

The Magnetic North: Notes From The Arctic Circle by Sara

...

In *The Magnetic North*, she takes full measure of the Arctic: at once the most pristine place on earth and the locus of global warming. Inspired by the spiraling shape of a reindeer-horn bangle, she travels counterclockwise around the North Pole through the territories belonging to Russia, the United States, Canada, Denmark, Norway, and Finland, marking the transformations of what once seemed an unchangeable landscape.
