We Are Here, whilst intriguing and based around a strong central premise, is too slow to begin. Initially, Michael Marshall's prose is extremely convoluted, a situation exacerbated by Marshall's apparent reliance on italics and underlining to add appropriate emphasis.

We are here; fairly innocuous words that little prepare the reader for the tightly written thriller that Michael Marshall has penned. It all begins with the struggling author David and his wife Dawn visiting the publisher in New York who has finally agreed to print his debut novel.
